

# **REINHARDT-WINDL AMERICAN LEGION POST 164**

## **HONORED VETERANS 2021**

I would like to thank all of you who again and for the first time donated to our Veteran Lights campaign this year. It was a very good year for us again. We will have another big list of honored veterans and all those that are now serving to protect our great nation. It is really a great honor to each of these veterans and active military personnel to have their name on this list. Also, a very big thank you to each of you who helped this year. Some of the days you sat outside this year were not the greatest, but you still did so without complaint. I really appreciate all your help and dedication to our Post.

On another note. I think almost everyone knows the American Legion is by far the largest Veterans organization we have; we are the biggest voice we have in Washington DC. We need members and we need them now. Even if you do not want to be involved in your Post you should join. The dues are only \$35.00 a year and are due July 1 each year. The AMERICAN LEGION is the biggest voice for all veterans. The American Legion was the organization that got our veterans the benefits that so many of us can use today. But it is a big fight for us to hold onto these benefits and to make sure that all active military and veterans alike receive what they have coming to them. We all recognize the fact that not everyone is cut out for the military, but those of us who do join know that at some point in time we may have to give our life in defending our nation. It is only fair that these people be treated fairly for defending our great nation. Especially those who gave up their life or were seriously injured in some way. We are seeing fewer military personnel running for Congress and many in Congress are trying to cut benefits for us. We NEED this voice in Washington. All of you younger veterans, the American Legion Post is yours. The older veterans sadly are passing away and taking a lot of history with them. So, for all you younger veterans get involved, you can make the Post into what you want it to be. I am in no means cutting short any of the other military organizations that are out there. It is just the fact that the American Legion is by far the largest of the military organizations out there, so we have the largest voice in Washington. How many of you have or are using your benefits? They are great aren't they. Let's make sure they are there for future veterans to be able to use. \$35.00 a year is not going to bankrupt anyone, but it will certainly give us a voice to be heard. All our military organizations are losing membership at an alarming rate. Now is the time for all you younger veterans to step up for future veterans. If you don't like how the Posts are operating, get involved. As I said, the organization is yours. The American Legion is also very involved in the local community and the local schools. So please, do your part and at least join the Legion. WE NEED YOUR VOICE TO HELP US.

Our Post wishes every one of you a very happy and healthy new year. Remember to keep all our military personnel in your prayers and hope all return safely to their loved ones back home and remember the families of those now serving that they have a good and safe year.

If any of you donated and submitted a name and do not see it printed, please call me at (920)988-2063 to let me know. As you can see, we get a lot of names each year and mistakes can happen. So again, a very big THANK YOU.

Sincerely

Robby Robinson

Commander American Legion Post 164
